Individuals must fulfil the [residency requirements](#), and must have valid permission to live in the UK for at least 12 months duration.

EEA and Swiss nationals who have obtained either pre-settled or settled status under EUSS.

Any individual with any of the statuses listed below, and is resident in London is exempt from the 12-month residency requirement and eligible to receive funding:

Refugee Status

Discretionary Leave or Enter or Remain

Exceptional Leave to Enter or Remain

Indefinite Leave to Enter or Remain

British Nationals evacuated from Afghanistan by the UK government before 6 January 2022

[settled or pre-settled status](#),

Students normally resident in Scotland, Northern Ireland and Wales are not ordinarily funded as the devolved nations have their own funding rules, in these circumstances the College will attempt to gain permission for funding from the relevant funding agency.

Where fees are to be set for FE provision, they will be based upon funding rates where available and include registration, tuition, and examination fees. Exceptions may be provided for some professional courses (where a [FALA](#) rate does not exist) and those negotiated with employers, any exceptions to fee levels must be approved by the Head of Finance or a Strategic Leadership Team member before being agreed.

Any fee reductions for any other purposes must be agreed in advance of a course starting, where a fee reduction has not been approved by UCG, the Student is liable for the full fee as per the terms stated in this agreement. All students who do not meet the criteria of 'home student' are deemed to be liable for fees unless the College has access to discretionary waive the fees for the course.

## **5.2 FULLY FUNDED**

Home Students can be fully funded (pay no tuition or examination fees) if both their personal status and their chosen course meet the qualifying criteria for fee remission. These criteria include the student's funding status, their age, their prior attainment, their benefit status, and the level and type of their course and the funding availability of their chosen course on the government '[Find a learning aim](#)'. The personal status criteria are detailed in section six. Equipment, materials, professional fees, trips required for participation on some courses is not always included as part of the 'fully funded' criteria stated here.

### 5.3 CO-FUNDED

Some Home Students, depending on age, prior attainment, benefits status, and course, will be charged fees. These may include elements for tuition, exam costs, materials and trips. The tuition fee will be approximately 50% of the un-weighted funding value of the qualification studied or calculated according to the agreed hourly rate. These students are referred to as 'co-funded', the ESFA / GLA pays the college the remainder of the full funding value, where the remainder of funding is not available to be claimed from any funding agency, the student will be deemed as an 'unfunded home student'. The co-funding criteria are detailed in section seven.

### 5.4 UNFUNDED HOME STUDENTS

Home Students on full cost recovery costs or adults whose prior attainment means they do not meet the criteria for ESFA / GLA support will need to pay the full fee required for the course, with no fee remission.

These students are not charged individually as the external partner will be invoiced directly. Where a student is engaged through a subcontractor and the provision is at Level 3, the Level 3 funding rules apply based on eligibility, in some instances this will involve the student considering the payment of fees through an advanced learner loan.

## **11. DISCRETIONARY/ LEARNER SUPPORT FUNDS**

The student will be required to provide evidence of income and household status if a claim for financial assistance is requested to the Learner Support Team.

## **12. EXAMINATION FEES**

Co-Funded and Full Cost students will, where applicable, be required to pay the appropriate examination or awarding body registration fees. This includes the payment for re-sits and early examination entries not endorsed by the College. Learners aged 16 to 18 may be charged re-sit fees at the discretion of the college.

Note: The College will not generally consider requests for early entry or re-sit. However, where such requests are supported by the College (Functional Skills, GCSE Maths/English up to Level 2) the standard cost will be met in full by the College. Alternatively, where a re-sit or early/late entry request is independently requested by a student, this will be considered on an individual basis by Curriculum Management and the College reserves the right to refuse any such requests. Where independent requests are approved, the associated cost will be met in full by the student. Please refer to the College Examination Re-sit Policy for further information.

The College does not ordinarily accept exam registrations from students not enrolled on the course at the College (external candidates).

### **13.1 HOME STUDENTS**

Students are required to pay for their fees in full before the commencement of their course. The College permits some fees to be paid by instalments. Students, upon request, will be given information regarding acceptable payment methods and instalment options as part of their enrolment instructions.

Instalment plans will generally only be available where a course exceeds 20 weeks' in length and where the total course fee exceeds £500. Exceptions to this lower limit are at the discretion of Finance, informed by Student Support Services. Any administration costs, if applicable, will be included when setting up an individual payment plan. Payment plans will consist of a maximum of three instalments, with payment of the first instalment due at enrolment, the second by the end of November and the third, where applicable, by the end of February. For courses starting later than September, the specified months for payment will be agreed with the learner.

## **13.2 EMPLOYER SPONSORED STUDENTS**

Employer sponsored students should ensure they obtain and, hand to the College, either a purchase order or a letter from their employer confirming the employer will cover the course fees. The College will raise an invoice for the full fee to the employer either at the point of enrolment or shortly thereafter. ## **14. REFUND OF FEES**

### **14.1 REASONS WHERE REFUNDS MAY BE CONSIDERED**

- The course is cancelled by the College.
- The dates of the course are changed, and the student can no longer attend.
- The student withdraws, with a request in writing, prior to the commencement of the course due to exceptional circumstances beyond their control.

### **14.3 REFUND OF FEES - INTERNATIONAL STUDENTS**

- The College does not accept International students to FE courses.

## **15. FAILURE TO PAY**

If a student is experiencing financial difficulties paying tuition fees or any other monies owing, it is essential that the student contacts the Finance office as soon as possible to discuss any potential alternatives.

The College will take reasonable steps to advise and support students in financial hardship, students retain ultimate responsibility for the payment of their fees and all other monies owing to the College regardless of sponsorship agreements or student loan funding arrangements, including where sponsored by an employer.

After support measures have been considered and applied, failure to pay agreed monies in line with any agreed arrangements will, in most cases, ultimately result in suspension or withdrawal from the course and the referral of the debt to the College's debt recovery agency.

Should payment of outstanding fees be made within a reasonable timescale, and providing that the student has not missed any substantial or critical element of the course they may be permitted to resume studies.

Students with outstanding academic fee debt may, until all outstanding monies have been paid:

- Not be permitted to register for new courses or to continue their course
- Not be entered for assessment or examinations pertaining to the course.
- Not be issued with any academic references

## 4. Tuition Fee

### A) Home Students

For tuition fees purposes students who are considered as "home" students are eligible to apply for a Student Loan. A full definition of students who fall under this category can be found in Schedule 1 of the Education (Fees and Awards) England Regulations 2007 (SI 2007 No. 779)

- i. Tuition fee charges for students commencing a Higher Education Certificate/Diploma (HNC/HND), Foundation Degree or Undergraduate Degree course on a full or part-time basis are set at an individual course level.
- ii. The fee charges have been designed to ensure that all full-time undergraduate 'eligible' students will be able to meet the full cost of their fees by means of the government loans available from Student Finance England. Students will only need to start repaying the loans after they have left higher education and start earning above a certain threshold.
- iii. Fees for HE courses are charged annually for each year (or part year) of the course. Fees listed on enrolments and College websites are the fee for each year of the course and not the fee for the entire duration of the qualification.

## **B) International Students**

The fee charges for International students are higher than the fees set for UK/EU students. International students will be expected to pay their tuition fees in full before the start of the course. The College currently does not hold a Tier 4 license and does not accept International Students for the academic year 2024/25.

### **5. Equivalent Level Qualification (ELQ) Fees**

Where a student's highest qualification upon entry is the equivalent to or higher than the qualification they propose to study, the student will be charged the standard fee for the qualification or the Home (UK/EU) Non Exempt ELQ fee. Please note that a student loan is not generally available to fund the fees for such a course. However, students may consider applying for a Professional Career Development Loan (PCDL) to fund their programme of study.

### **6. Fees Funded by Student Loans**

Students applying for a higher education tuition fee loan will only be eligible for a loan that reflects the fees charged.

Students, who are not applying for a higher education tuition fee loan and are considered to be self-financing, will have to pay their tuition fee in full with an option to pay by instalment (see Section 9).

### **7. Fee Payment**

Fees are due on or before the commencement of each year of the course.

The College will generally invoice students or their sponsors for any outstanding fees due, however these are reminders only and students are contractually responsible for ensuring the timely payment of their fees. Any exceptional fee payment method must be approved by the Chief Financial Officer.

#### **7.1 Payment dates for Tuition Fee Loans**

Tuition fee loans will be paid by the Student Loan Company to the College in three instalments. This payment cycle will apply to all students irrespective of the tuition loan amount.

### **8. Other Charges**

#### **8.1 Re-Enrolment Fee**

Students re-enrolling to re-sit an assessment beyond the original period of enrolment for their designated programme of study will need to pay a re-enrolment and re-assessment fee which will be commensurate with the size of the remaining programme to be completed.

All fees to be paid in full prior to the assessment attempt.

## **8.2 Professional Body Re-Sit Fees**

Students who have failed their professional body exam will be expected to meet the cost of any professional body re-sit fees. Please note this cost may vary depending on the individual professional body's fee charges.

## **8.3 Replacement Results Transcripts/ Confirmation of Attendance Charges**

Replacement results transcripts or a confirmation of attendance letter can be provided on request. A fee of £30 will be charged to cover the associated administrative and postage costs, in addition to whatever the awarding body may charge for reprinting certification. Only in exceptional circumstances will the College consider waiving this charge.

## **9. Payment by Instalments**

The College will generally expect all students to pay their fees promptly at enrolment or have in place the necessary arrangements for the fees to be paid either by student loan or a sponsor. However in exceptional circumstances, some students may be permitted to pay fees by instalments. Students considering the instalment payment option, will be issued with this information as part of their joining instructions.

### **9.1 Home Students Payment by Instalments**

Instalment arrangements are individually negotiated but would normally be paid at the point of enrolment and subsequently in November and February.

9.2 There is no facility for international students to pay by instalments, the College does not enrol international students for the 2024/5 academic year.
